

Attendee Luncheon

Lunch will be served Tuesday – Thursday at 1200. You must enter & exit luncheon through the Exhibit Hall. Full Conference registrants will receive lunch tickets with their registration materials. Exhibitors and Visitors may purchase a ticket for \$35.00 at the main Registration Station. Lunch tickets are dated; you must present the current day’s lunch ticket for entry.

Connections Lounge & Grill

Stop by and relax in the Connections Lounge & Grill for a bite to eat or a refreshing drink and then connect to your email or review the I/ITSEC program online to plan your next move at the conference. Connections Lounge & Grill will be located in Booth 100, South Exhibit Hall.

Show Management Office

Room S220B • The Show Management Office will be staffed during show hours for all questions regarding booth space, rules, regulations, exhibitor locators, security and late/early passes. Registration will not be made available at the Show Management Office.

National Training & Simulation Association (NTSA)

Booth 2281 • The National Training and Simulation Association (NTSA) is America’s premier organization representing the interests of the modeling and simulation community. As such, it serves as a constant point of contact for government, academia, industry, research organizations and the military to exchange information, share knowledge, align business interests, and in general stimulate the growth and overall dynamism of the industry.

Service Booths

PEO STRI	439/1433
PM TRASYS	1539
NAWCTSD	249/1439
USAF	1533
U.S. Army RDECOM	329

International Pavilions

Canada	1149
Australian	2619

Healthcare Pavilion

Society for Simulation in Healthcare	2473, 2479, 2483, 2485, 2580
--------------------------------------	------------------------------

Recognizing that simulation represents a paradigm shift in health care education, SSH promotes improvements in simulation technology, educational methods, practitioner assessment, and patient safety that promote better patient care and can improve patient outcome.

Innovation Showcase

Exhibit Hall – Booth 2288

Presentations within the Innovation Showcase are led by cutting-edge exhibiting companies that are knowledgeable on the various subject matter within the M&S industry. Mark your calendar to stop by one of the 30-minute sessions to hear what is new and exciting in M&S! Be sure to check out the official I/ITSEC website and onsite signage for updated participants.

(As of 30 October 2018)

Wednesday, 28 November		
1000	8K Projectors: Pixel Management of 33 Million Pixels	Digital Projection
1045	Cyber Effects for the Multi-domain Operations Warfighter	Metova Federal LLC, (CyberCENTS)
1130	Virtual Reality and AI: Infinitely Scalable Platforms for Training and Simulation	Brightline Interactive
1215	Artificial Intelligent Automatic Target Recognition	Archarithms, Inc.
1300	Virtual Loadmaster Training System	Pennant International Ltd.
1345	Leveraging Analytics to Drive Training Efficiency	BNH Expert Software Inc.
1430	Migrating Simulations to Servers, Virtual Machines, and Clouds	VT MAK
1515	Portable Simulation: Keeping People in Peak Performance, Wherever They May Be	Pivot Maritime International
1600	Acceptable and Unacceptable Behaviour Training in VR	Equal Reality

Exhibitor Networking Event

Tuesday, 27 November • 1700 - 1830 • Exhibit Hall

Be sure to kick off I/ITSEC 2018 with a stop by one of the participating booths at the I/ITSEC Exhibitor Networking Event. What a great way to view the latest technology while networking with exhibitors and your fellow attendees. Be sure to check out the official I/ITSEC website and onsite signage for updated participants.

(As of 30 October 2018)

Booth #	Company
283	Cole Engineering Services, Inc. (CESI)
339	Soar Technology, Inc.
613	Aptima, Inc.
1165	Scalable Display Technologies, Inc.
1170	Improbable
1710	JVC Visual Systems
2101	AEgis Technologies Group
2149	Krauss-Maffei Wegmann
2619	Team Defence Australia
2641/2741	Stirling Dynamics & SGB Enterprises, Inc.

HALL HAPPENINGS

A call was made to the training, education, and simulation community of practice to demonstrate their game changing innovations to key government decision makers and procurement officials at I/ITSEC 2018. The community submitted white papers describing their innovation, which was reviewed via a competitive process, where the best of the best were selected by a panel of government and industry members primarily from Team Orlando. The selected demonstrators employ technological innovations, re-define training and simulation processes, or create something entirely new that is going to change the way we train, simulate and educate. The showcased initiatives may be included in future acquisition efforts.

The Launch Pad Special Event targets both I/ITSEC attendees and select government acquisition stake holders. Current acquisition programs as well as Science and Technology programs will be at I/ITSEC to assess Launch Pad technologies depending on the technology readiness levels of responses submitted. Speed to the market is a key acquisition principle. Launch Pad will provide an opportunity to highlight technology that may be appropriate for rapid prototyping/rapid fielding acquisition initiatives.

Tuesday, 27 November – Session 1 (Augmented and Virtual Reality)		
1600	Improving Aircraft Readiness with the Augmented Reality Maintenance Aid (ARMA)	AVATAR Partners, Inc.
1630	Immersive Pilot – Synthetic Teammate for Training Crew Coordination Competencies	The Boeing Company, SoarTech, and University of Central Florida
1700	VR Simulators for Air Force Pilot Training	SAIC in partnership with U.S. Army Aviation and Missile Research, Development, and Engineering Center (AMRDEC) and U.S. Air Force Air Education and Training Command (AETC)
Wednesday, 28 November – Session 2 (Interoperability and LVC)		
0945	Utilizing ASI’s Transport Delay Test Kit to Measure Your Device’s Latency	Aero Simulation, Inc.
1015	Simulation Configuration and Environment Control (SimChEC) – Enhancing LVC Training Readiness	Trideum
1045	Challenge Accepted: Automating Cybersecurity Compliance with Cybernet Security Advisor	Cybernet Systems
Wednesday, 28 November – Session 3 (Performance Measurement)		
1600	SAIL3: The Sailor Adaptive Intelligent Life-Long Learning System	Aptima, Inc., in partnership with Adobe and MARI LLC
1630	Human Behavior: Next Generation Training	Thales AVS France
1700	Counter Bias Training Simulation (CBTsim): Revolutionizing Implicit Bias Training	Washington State University
